

How to Use Zeffy

<https://www.zeffy.com/en-CA/peer-to-peer/walk-for-awareness--2026>

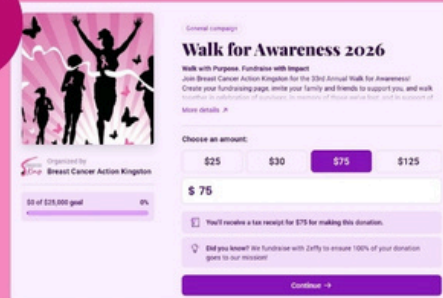

#1

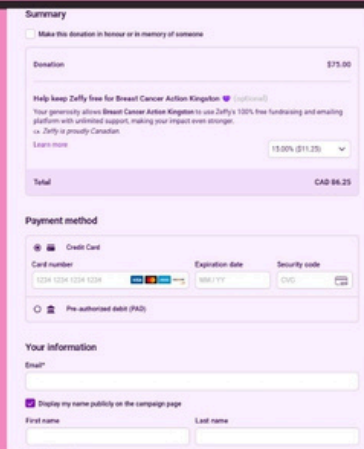

Scan the QR code, click the link, or type it into your address bar. Select either Donate or Fundraise.

#2

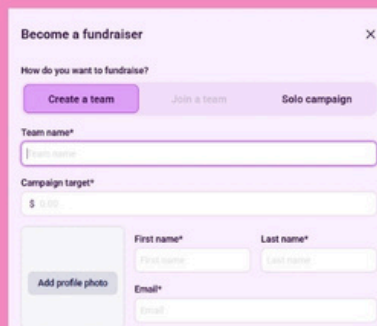

To donate, select one of the offered amounts or type an amount into the box.

#3

You have options! Select if you want to make the donation in honour/memory of someone, how much you want to give to Zeffy, whether to pay by credit or debit, and if you want your name to show up or to stay anonymous.

#4

To Fundraise, you can choose to create/join a Team or work by yourself.

#5

You can customize your fundraising page and share the custom URL. Come up with a creative name, set a goal, post photos, etc. Ask your friends, family members, co-workers, and social media followers to support you or join your Team! And don't forget to send them thank you messages.
